VeryPDF PDF Font Extractor Command Line Description:

VeryPDF PDF Font Extractor Command Line is a free

command-line application that allows users to extract fonts from PDF documents. This software enables users to extract fonts to TTF, CFF or AFM files. The font extraction is based on existing PDF documents and does not require the user to have Adobe Acrobat Pro to extract fonts. This software does not require Adobe Acrobat installed on the computer, but is based on the

Adobe Acrobat reader. This software is a great tool to extract fonts for use in web sites. Using this software, one can extract fonts to TTF, CFF or AFM files. When dealing with un-reusable fonts, each font character is saved to an image which can later be used as font. This tool can be used with different PDF 09e8f5149f

VeryPDF PDF Font Extractor is software that allows you to select and extract fonts from multiple PDF files. The PDF files that are selected can be saved to PDF-A, PDF-B, XHDPI, XHDPI-M, PDF-H etc. formats, and can even be saved as images for later reuse. Extract single font from selected files The extraction is

very easy to do by just a click. Convert selected files to XHDPI, XHDPI-M, PDF-H etc. The font can be used to prepare CVT, CFF or AFM files. You can extract PDF fonts to TTF, CFF or AFM formats. Support Resize font to any specified size. When selected files exceed specified file size, the files will be divided automatically to keep the size under the specified

value. VeryPDF PDF Font Extractor does not make any changes to the original PDF file. VeryPDF PDF Font Extractor supports single file extraction. If you need to extract fonts from multiple PDF files, VeryPDF PDF Font Extractor will do the job. You only need to select the files you want to extract and it will do the job for you. VeryPDF PDF Font Extractor can extract the

fonts from: - All native PDF documents, including Acrobat Documents, Metafont documents, and Notes etc. - All PDF documents stored in XPS. - All PDF/XPS documents stored in a zip archive.

VeryPDF PDF Font Extractor supports batch processing.
